**Service Unit Volunteers** — Compassionate work of our service unit volunteers brings help and hope to hurting people throughout Central and Eastern Pennsylvania. The Salvation Army does not have a corps community center in every town and village throughout the Division, but we do have faithful volunteers hard at work in these communities. Organized as “Service Units” in 34 counties, devoted volunteers provided emergency assistance with essential needs to more than 35,000 people last year. They wear no uniform ...they are a volunteer militia... they are the Army behind the Army.

**To find help or volunteer in your community, contact the Regional Manager in your area.**
